Q&A (as of May 2026)

Q: Are Graduate Credited Auditors and Undergraduate Credited Auditors the same status?

A: Graduate Credited Auditors and Undergraduate Credited Auditors have different statuses. The former belongs to the "Shibaura Institute of Technology Graduate School" and takes classes at the graduate school. The latter belongs to Shibaura Institute of Technology and takes classes at the university.

Q: I was a graduate credited student in the Spring semester (or Fall semester), but if I want to continue to be a graduate credited student in the Fall semester (Spring semester), what should I do?

A: Application for graduate credited auditors is semi-annual. If you were a member in the Spring semester, please apply again for the Fall semester. The application will be reviewed each semester. Please note that even if you were a non-degree student in the Spring semester, you will not automatically continue to be a non-degree student in the Fall semester.

Q: I was a graduate credited student before, but I would like to know how much it costs if I apply and become a graduate credited student again.

A: The admission fee is only charged the first time you apply, not the second time. After the second application, you will only be required to pay the screening fee and the course registration fee for that term.

Q: I was an undergraduate credited student before, but I would like to apply and enroll as a graduate credited student next time.

A: Since you belong to a different educational institution, you will be screened as a new Graduate Credited Auditor, and your admission will be treated as a new admission. In this case, you will be required to pay the admission fee, screening fee, and course registration fee.

Q: I have completed my term as a graduate credited student. How will I be treated if I want to re-join as a Graduate Credited Auditors after a gap of one year, for example?

A: There is no admission fee. Please pay the screening fee and apply for the application for the term you wish to be affiliated with. Please note that since you are not continuously affiliated, your previously assigned student ID number will expire, and a new one will be issued.

Q: I am a foreign applicant. Can I apply for "Student" status of residence as a "Guest student"?

A: As a Guest Student, you are not eligible to apply for the status of residence 'Student.' Applications submitted for the purpose of obtaining the 'Student' status of residence will not be accepted.
