

**SCHOOL FOR ENGINEERS : TRANSFORMING
THE WORLD THROUGH INNOVATION & IT**

About us

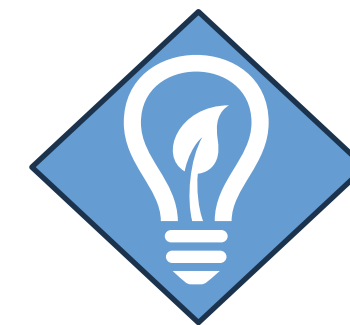

- EPITA is a **Bilingual School of Engineering and Computer Science** based in **Paris - France**

Grande école model

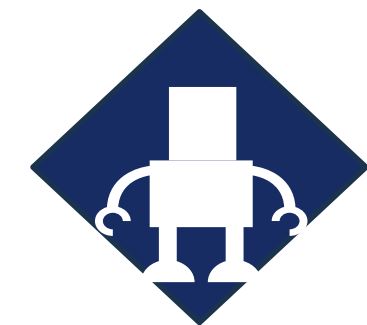

EPITA was established in **1984** and is recognized by the French government.

A photograph of a classroom scene. In the foreground, a young woman with long brown hair is looking down at a laptop screen. To her right, a man with a shaved head, wearing a blue polo shirt with a white collar and a logo that says "EPITA", is looking at the same screen. In the background, another student with long dark hair is sitting at a desk, wearing a black t-shirt with "MR" in red letters. The setting appears to be a modern classroom or lab with white walls and a door handle visible in the background.

countries***

EPITA Annual International Forum: Building Global Connections

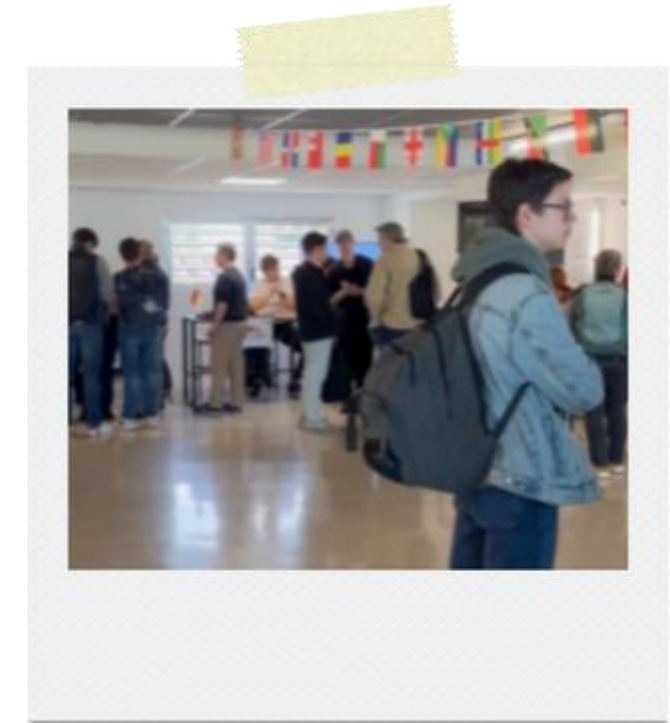

Our annual International Forum attracts more than 300 student participants each year, making it a flagship event for promoting international mobility among our students

■ *Join Us on April 7 (Paris) and April 8 (Lyon), 2026*

We're thrilled to invite all of our international partners for the 2026 edition!

- **Connect** directly with our engineering and computer science students seeking international mobility opportunities.
- A networking reception follows each forum, providing additional opportunities to connect with our team

Save the date for April 2026! Details coming soon.

Students at our 2025 Forum

Our Special Programs for 2026

NEW: Winter School 2026

Join us from January 11-25, 2026 for our winter program featuring robotics and AI. All students from partner schools welcome!

Fee: **€1950 per student**. Includes courses, business/cultural visits, & housing

Deadline to apply: **December 1, 2025**.

Winter School Highlights

Program Schedule

- **Week 1:** Introduction to Robotics (6h daily for 4 days) +business visit + cultural activities
- **Week 2:** Robotic Arm Manipulation (6h daily for 4 days) + lab visit + cultural activities

A perfect blend of hands-on technical experience and French cultural immersion!

Summer School 2026

Our 2-week intensive program returns in 2026! Learn cutting-edge IT skills while enjoying cultural activities throughout Paris. More details coming soon.

Exchange Programs

Degrees of excellence

Open for Academic Mobility Exchanges

**1 semester or 1 year duration. All programs fully in English!*

Undergraduate level (years 1, 2, 3)

Engineering Degree (Master's diploma : *Titre d'Ingénieur*)

Cti  16 majors

 English track in Paris & Lyon

Commission des titres d'ingénieur

Graduate level (year 4)

Master's of Science – Artificial Intelligence Systems (AIS)

 100% in English

 Multicultural

 CONFÉRENCE DES GRANDES ÉCOLES

Important:

- Enrollment in **one unique program**
- Not possible to mix courses from different years or options due to scheduling conflicts
- Programs focused on **computer science**.
- **A strong background in mathematics, Algorithms, and programming is required**

Master's of Computer Science

Tracks: Fundamentals, or Computer Security, Software Engineering, Data Science & Analytics)

 100% in English

 Multicultural

 CONFÉRENCE DES GRANDES ÉCOLES

Courses and syllabi here: [Study at EPITA](#)

INTERCULTURAL CAMPUS

More than **700** international students from all over the world (degree-seeking + exchange)

The 'Choose France' certification ("Bienvenue en France" Label) was awarded to EPITA

Based on 5 criteria:

- 1.information
- 2.school facilities
- 3.educational programs
- 4.campus life and housing
- 5.student support and services

STUDENT EXCHANGE AT EPITA

Join our prestigious programs in the heart of Paris,
with flexible options for international students:

- Exchange Student options for a semester or full year
- Nomination Deadlines:
 - **Fall:** May 15
 - **Spring:** October 15

Nomination & Application Process:

- 1) Contact your international office for information on how to apply.
- 2) Nomination by your international office
- 3) Application link sent by email by EPITA with a fee waiver coupon code

Learn FRENCH!

- 5th most spoken language
- 274 million speakers in the world

EPITA:

- Level **A0** to **C1**
- **2 credits** – Bachelor's
- **4 credits** – Master's

EPITA has **its own French language center**

Accredited in 2015, The French Language Center offers courses to all international students

A large crowd of diverse young people, likely students, is gathered in front of the Eiffel Tower in Paris. The tower is visible in the background against a blue sky with scattered white clouds. The students are dressed in casual summer attire, and some are taking photos. The overall scene conveys a sense of international student life and travel.

STUDENT SERVICES

Student Life & Accommodation

Finding Housing

Students are responsible for securing their own accommodation, but we offer support through:

- Dedicated housing team at EPITA (optional)
- Discounts with **Studapart**
- Information on options from studios to host families
- Optional airport pickup (request during application)

Important: Housing insurance is mandatory for all students, covering damages like robbery, fire, or flood.

Student Associations

EPITA hosts 40+ student clubs spanning diverse interests:

Sports

EPISPORT, AISM (motorsports), Le Baby (football)

Arts & Culture

Ephemere (photography), Epitanime (Japanese culture), ICARE (manual arts)

Events & Community

BDE (parties & hackathons), Episolidaire (charity work)

The EPI Buddy Experience

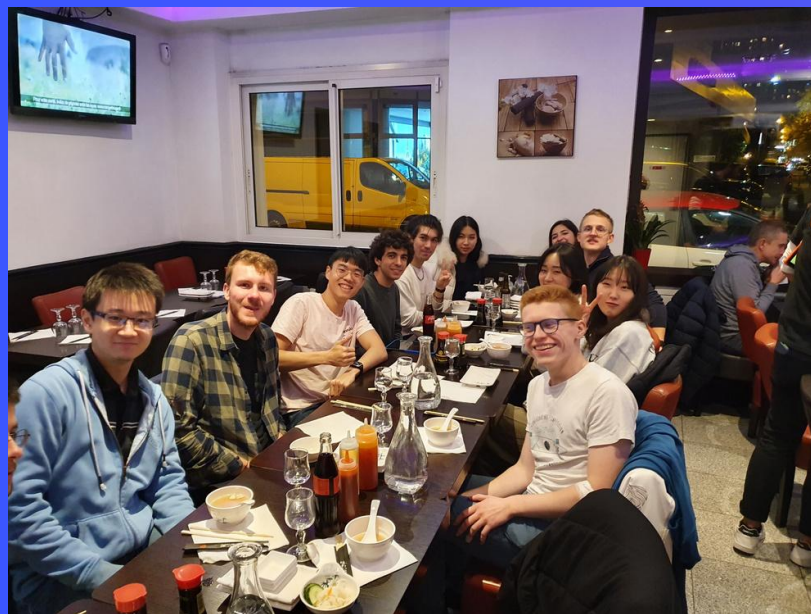

Your Guide to EPITA Life

Our EPI BUDDY program pairs you with a current student who will help you navigate:

- Academic expectations and resources
- Student associations and campus activities
- Paris neighborhoods and transportation
- French culture and local recommendations

Year-Round Activities

Throughout your time at EPITA, you'll enjoy welcome days, game nights, themed parties, and excursions to iconic French destinations!

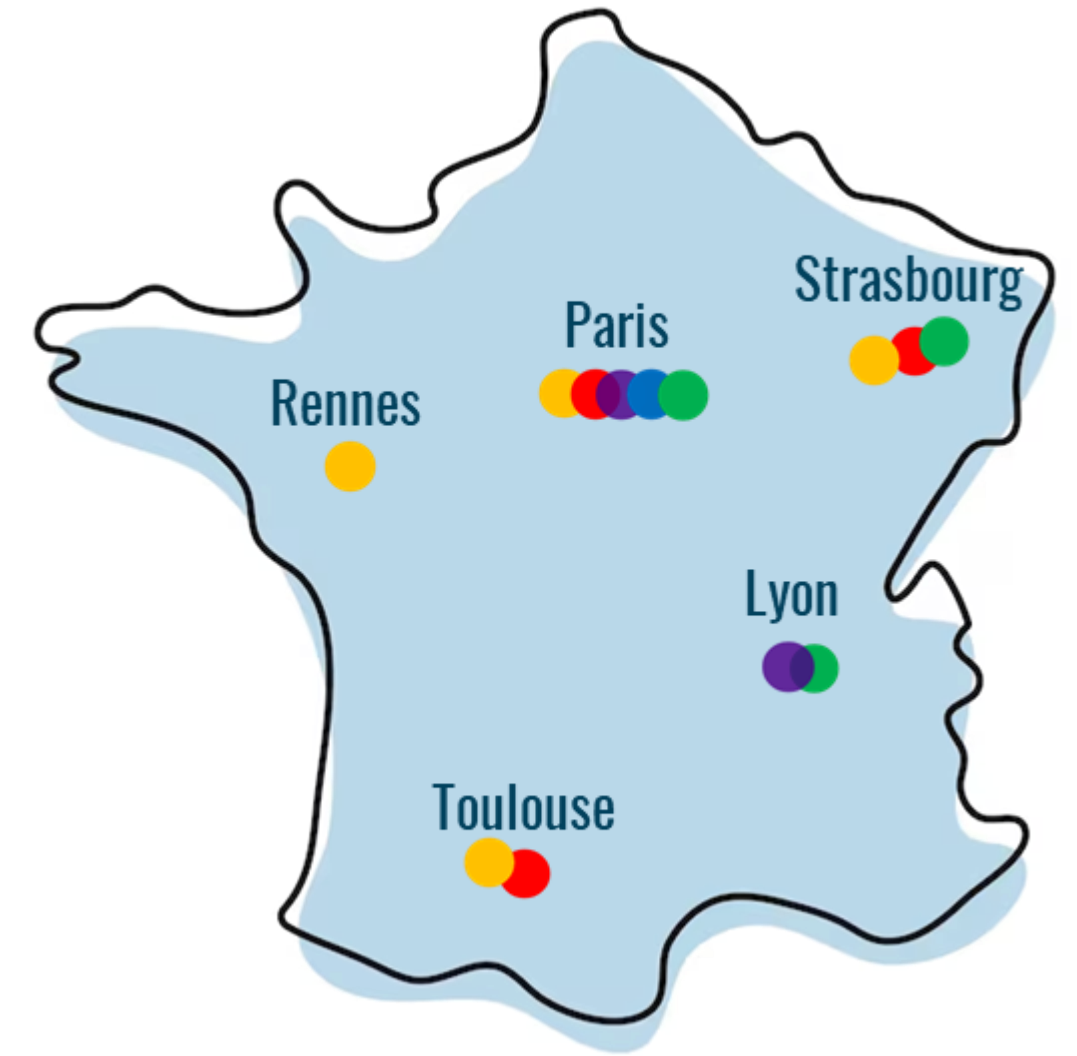

EPITA Research Laboratory (LRE)

Main Research Area at EPITA

On the 1st of September 2022, [EPITA Research and Development Laboratory \(LRDE\)](#) and [EPITA Systems Laboratory \(LSE\)](#) merged to become a single consolidated laboratory

5 Research Teams :

- Automata & Applications
- Image Processing & Pattern Recognition
- Artificial Intelligence
- Numerical Methods in Social Sciences & Humanities
- Security & Systems

Cross-Disciplinary Research Areas :

- ✓ Software and Performance
- ✓ Machine Learning & Applications
- ✓ Robotics
